### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with attorney Kevin Faulkner on October 18, 2004.

The application has been amended as follows:

In claims 20 and 22-34 respectively, at the beginning of each of the claims, replace the phrase "catalyst system" with --polymerization process-- respectively.

2. The following is an examiner's statement of reasons for allowance:

The instant application is the divisional application of application SN 10/186,361, now US 6,703,338. The instant claims are directed to a polymerization in the presence of a catalyst composition which shares the same scope as the allowed catalyst claims of the parent applications. Therefore, the instant claims are also deemed to be novel for the same reasons as cited in the parent application:

"The instant amended claims are directed to a catalyst composition wherein the activator comprises a heterocyclic compound in combination with an alumoxane or an alkylaluminum. Resconi et al. (WO 01/62764) teaches a catalyst composition wherein the cocatalyst are obtained by contacting a nitrogen containing cyclic compound and a Lewis acid of  $MtR^1_3$ , Mt is B or Al and  $R^1$  includes halogen, halogenated aryl, and halogenated alkylaryl. However, Resconi does not teach or reasonably suggest the

halogenated alkylaryl. However, Resconi does not teach or reasonably suggest the  $\text{MtR}^1_3$  to be an alkylaluminum. Therefore, the instant claims are not an obvious variation of the cited prior art and, thus, deemed to be novel."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
